

Northside Sports Premium Funding for Primary School PE and Sports

The government is providing an extra £150 million of annual funding for the to improve the Physical Education (PE) and Sports programs offered by primary schools, and is provided jointly by various governmental departments, including Education, Health and Culture, and Media and Sport. Although the funding will be allocated to primary school head teachers, it will be 'ring fenced' – this means it can only be spent specifically on PE and sport in schools. You can read more about this under 'Accountability' below.

Purpose of Funding

Schools must spend the additional funding on improving their provision of PE and sport, though how they do this remains their decision. Our school will receive approximately £9,000 each year.

This is how Northside has previously used the funding :

2013 – 14 Allocation: £5,442

- Hired a specialist qualified sports coach to work with classes in KS1 & 2
- Paid for professional development of teachers in PE and sport
- Provided cover to release primary teachers for professional development in PE and sport and competitions
- Hiring a dance specialist to work with class teachers and pupils during curriculum time.
- Ran sports competitions, increasing pupils' participation in school games
- Provided subsidised specialist sports clubs after school
- Purchased more sports equipment to ensure good quality PE provision
- Purchased membership of the Barnet Partnership for School Sports

2014 – 15 Allocation: £8,915

- Hiring a specialist qualified sports coach to work with classes covering outside sports activities.
- Paying for professional development of teachers in PE and sport.
- Providing cover to release primary teachers for professional development in PE and sport and competitions.
- Running sports competitions, increasing pupils' participation in school games.
- Hiring a specialist gymnastic coach to work with class teachers and pupils during curriculum time.
- Hiring a specialist qualified table tennis coach to work with key stage two.
- Purchased more sports equipment to ensure good quality PE provision
- Purchased membership of the Barnet Partnership for School Sports
- Developing a gross motor skills programme for children with an identified need

2015– 16 Allocation: £8,988

- Providing cover to release primary teachers for professional development in PE and sport and competitions.£600
- Hiring a specialist gymnastic/dance and games coach to work with class teachers and curriculum time pupils during curriculum time. £8,000
- Developing after school sports clubs: gymnastics, dance, football x2 and multi sports £ £2,925 (subsidised)
- Repairs to large PE apparatus £1,200
- Purchase more sports equipment to ensure good quality PE provision £1,000
- Purchased membership of the Barnet Partnership for School Sports £1,320

Impact and outcomes

Specialist PE provision has been provided for pupils alongside support for staff and good CPD opportunities. All pupils are able to access the curriculum and are provided with equipment that is suitable for their age and ability.

Accountability

Since September 2013, schools have been held to account for how they spend their additional 'ring-fenced' funding. Ofsted have been strengthening the coverage of PE and sport within the 'Inspectors' Handbook' and supporting guidance so that both schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision.

This is how Northside used the funding for the academic year 2016-17

Initial Allocation £3,767 rising to £9,040

Objective	Activity	Impact
1. To greatly improve the provision and increase the number and range of extra-curricular clubs available to the children at our school £1,000	From September we introduced and subsidised an extensive number and range of sports clubs including: KS1 multi sports, KS1 dance, KS2 gymnastics & the KS2 dance festival.	A range of clubs were arranged for a variety of year groups. Children were able to participate in a variety of activities with trained specialists. A change in provision led to further development in the quality of teaching. Providing an opportunity for children to participate in school and promote a healthy lifestyle outside of school.
2. To enable children to participate in a high quality experience in front of a live audience in Barnet Dance Festival £500 £1,500	Specialist dance training and teacher supply cover facilitating a high quality experience for all children who participate.	This allowed children to gain performance skills and share their work with their parents in a professional setting. They got to work with other children from the Borough and produce a collaborative piece of work. Children developed their choreography skills and worked together as a team in role. They refined their dance skills and enjoyed the thrill of a large audience in a professional setting.
3. To improve Gymnastics provision across the school. £4,000	Specialist gymnastics teachers providing high quality experience to KS1 & 2 children during curriculum time. In addition providing CPD to our own staff.	To be taught by a specialist gymnastics teacher raises the profile of gymnastics in the school and the quality of technique by pupils. Children became more proficient in the use of gymnastics equipment. Detailed lesson plans provided by the teacher have improved the subject knowledge of the teachers.
5. Purchased membership of the Barnet Partnership for School Sports £1,320	The continued membership in the BPSS will ensure high quality provision for our pupils inside and outside of curriculum time as well as staff CPD opportunities.	The BPSS have provided continual support for the PE lead in terms of competition, festivals and updates in policies/protocol. The PE lead was up skilled three times in the academic year around lesson planning, outstanding PE provision and relevant use of the sports premium fund.
6. To improve health and well-being through a Change4Life club. £1500	Invite identified pupils to start the day with a healthy breakfast followed by a simple gentle exercise class.	The children enjoyed their healthy breakfasts on Thursdays.
7. To provide training and payment for midday supervisors to introduce playground games at breaks and lunchtimes. £1,000 Games workshop inc overtime £1,500 online training	MTS to attend a day of training on how to engage and support children's games at lunchtime and encourage them to be active.	This has upskilled the MTS staff leading to stronger behaviour management skills and less incidents occurring because more games are being facilitated e.g: football, badminton, Tenpin bowling and large board games. There is also a better awareness of expectations, procedures and policy which promotes children enjoying lunchtimes.
8. Celebrate and encourage the children to participate in athletics- Team GB athlete visit curriculum day and visit. £1,000	Invite a Team GB visitor to assembly. Give children the opportunity to receive high quality coaching.	The children thoroughly enjoyed the day as well as the assembly. There was a positive promotion of sport and how it can benefit individually. The children were able develop skills and participate in new activities.

This is how Northside plans to use the funding this year (2017-18):

Initial Allocation £3,767 rising to £9,040

Objective	Activity	Impact
<p>1.To greatly improve the provision and increase the number and range of extra-curricular clubs available to the children at our school through staff training and development. £1,000</p>	<p>To look at additional staff training to supplement current clubs e g: archery Consult with children via school council.</p>	
<p>2. To enable children to participate in a high quality experience in front of a live audience in the annual Barnet Dance Festival £500 £1,500</p>	<p>Specialist dance training and teacher supply cover facilitating a high quality experience for all children who participate.</p>
